

Aloha,

Members of the Environmental Caucus of the Democratic Party of Hawaii.

Mark your calendars for our 5 General Meetings this year.

Location: Democratic Party Headquarters: 627 South Street, Honolulu, HI
*teleconferencing offered at each meeting/details to be emailed.

7:00 p.m. Wednesday

February 1st April 5 July 5 October 4 December 6

Please select your preferred focus or working with us on Legislation and/or Education in one of our 3 Sub-committees:

Natural Resources

Energy & Climate

Food & Sustainability

Update:

Marilee Wallace has agreed to Chair our group, vacating her Vice Chair to Alan Burdick. Elliot Van Wie has resigned as Chair to work with other environmental organizations effective 1/11/17.

We need leadership and YOU to advocate, advance our agenda and respond to environmental degradation.

Legislative issues getting our attention:

- Styrofoam (Polystyrene): as the bill to ban thus failed last session, we are determined to succeed; Big Island is pressuring take-outeries to step up on this.
- Oxybenzone: a component of sunscreens causing coral bleaching/death and marinelife harm.
- Herbicide spraying setbacks, I.e., schools and hospitals.

We are vigilant, persistent and dedicated to protecting our priceless environment.

Join us in person or by phone.

Call-in details will be sent to you via email prior to February 1st.

Mahalo for caring and joining our actions.

Marilee Wallace - Environmental Caucus Chair
